

**PROBLEM**

- Residential flooding
- Engineers calculated the correct pipe size needed to handle the water flow. Rock strata and location of homes prohibited installation of the large specified 96" OD pipe.

**SOLUTION**

- Lee Supply met with engineers and management
- Developed and presented an idea for a manifold system
- Lee Supply designed, fabricated and delivered the custom manifold system

**IMPACT TO CUSTOMER**

- Manifold system removed the need of blasting rock near homes
- Neighborhood has not flooded since completion of project

**QUALITY PEOPLE PRODUCTS SERVICE** *Since 1954*
